

DRV603 board – Differential input to single ended output board with integrated reconstruction filter.

J2, I interface

Pin #	Signal
GND	GND
Lp	Left Channel Positive Analog DAC Output Pin
GND	GND
Ln	Left Channel Negative Analog DAC Output Pin
EN	Mute output. <i>work – 3.3V; mute – 0V</i>
GND	GND
GND	GND
Rn	Right Channel Negative Analog DAC Output Pin
GND	GND
Rp	Right Channel Positive Analog DAC Output Pin

J1, O interface

Pin #	Signal
R	Right Channel Output Pin (Single ended)
GND	GND
GND	GND
L	Left Channel Output Pin (Single ended)

The DRV603 board is feed through AK4490 board. Output 2V RMS.
